

3C METAL TO EXHIBIT AT POSIDONIA SHIPPING AND MARITIME TRADE EXHIBITION IN GREECE

3C Metal will exhibit at Posidonia 2026 which will be held from 1-5 June 2026 at the Metropolitan Expo in Athens, Greece.

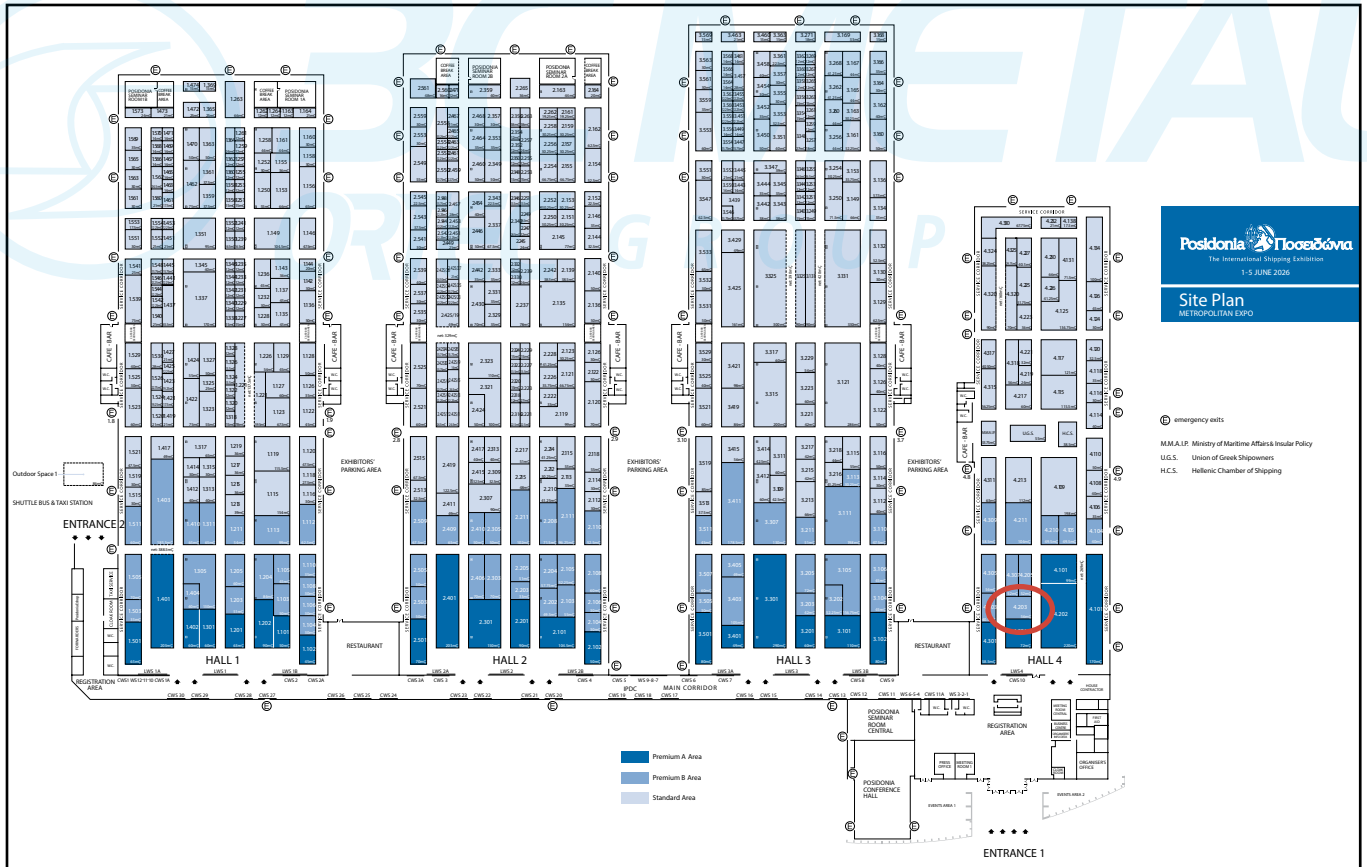

The event is one of the world's largest international shipping and maritime trade exhibitions. 3C Metal's participation will provide an opportunity to showcase its sustainable marine solutions and turnkey engineering capabilities.

3C Metal specializes in turnkey in-service green technology retrofit projects for the marine industry. Its experience includes exhaust gas cleaning systems, CO₂ capture, electrical power optimization, propulsion power reduction solutions and ballast water treatment system integrations.

3C Metal offers clients the expertise of its dedicated project management teams, in-house global sourcing and logistics, extensive fabrication capabilities and experienced teams and riding squads that are able to deploy to any location worldwide.

Visitors attending Posidonia are invited to **visit 3C Metal's stand in Hall 4 at Booth 4.203** to discuss current and upcoming marine projects. Meetings can also be arranged directly or via 3C Metal's local consultants, Abacus Marine Consultants.

Posidonia 2026 Floorplan - 3C Metal's location (Booth 4.203) indicated in red
